

LARSEN CLAUDE CANDA NEHEMIA

SUMMARY

Hello, I'm Larsen Claude Canda Nehemia I am a recent graduate of IIE MSA/Emeris looking for professional work in the field of IT. I am mainly interested in Frontend Development, Web development and Software development. I have a keen interest in creating new designs for user experience and improving user navigation and solving usability problems.

I'm currently spending my time building web projects and taking online courses on Amazon Web Services certifications to complete my self-study journey on AWS Cloud practitioner certificate and later complete the Solutions Architect associate certification.
